Coke Can

What is Cocaine?
Cocaine is a powerful stimulant drug that is derived from the coca plant. It is often used to increase energy and focus, but it can also lead to addiction and health problems.

How is Cocaine Used?
Cocaine can be smoked, snorted, or injected. It is often mixed with other substances to create a "speedball" or "coke and needles."

What are the Effects of Cocaine?
Cocaine can cause a range of effects, including increased energy, focus, and alertness. However, it can also lead to heart problems, high blood pressure, and addiction.

What are the Risks of Cocaine?
Cocaine use can lead to a range of risks, including heart problems, high blood pressure, and addiction. It can also lead to mental health problems, such as paranoia and hallucinations.

How can I Avoid Cocaine?
The best way to avoid cocaine is to not use it. If you are struggling with cocaine use, there are many resources available to help you get clean and healthy.

Liver Die

What is Alcohol?
Alcohol is a depressant drug that is often used to relax and socialize. However, it can also lead to addiction and health problems.

How is Alcohol Used?
Alcohol is typically consumed in the form of beer, wine, or spirits.

What are the Effects of Alcohol?
Alcohol can cause a range of effects, including relaxation, socialization, and impaired judgment. However, it can also lead to liver damage, heart problems, and addiction.

What are the Risks of Alcohol?
Alcohol use can lead to a range of risks, including liver damage, heart problems, and addiction. It can also lead to mental health problems, such as depression and anxiety.

How can I Avoid Alcohol?
The best way to avoid alcohol is to not drink it. If you are struggling with alcohol use, there are many resources available to help you get clean and healthy.

Collateral / Corporate Brochure

Mobilize Your Commitment To Employee Safety While Protecting The Bottom Line and Increasing Productivity.

USA Mobile Drug Testing will help your bottom line by providing services from one place that is certified, professional and able to help you lower your costs by lowering your risk with employees. USA Mobile Drug Testing will come to your location and conduct the required testing which impacts your bottom line by reducing the liability and cost of having an employee go off site for testing.

Mobilize A Drug-Free Workplace

There is a better than 90% chance your company has been effected by a drug or alcohol problem in the workplace. In fact, unless you are trained to spot the problems, you may never know they exist.

Mobilizing a Drug-Free Workplace yields results well beyond identifying at-risk employees:

- Increase productivity and morale
- Reduce tardiness, absenteeism and sick time
- Improve safety and provide a safer work environment
- Hire better employees and experience less turnover
- Reduce insurance premiums and claims

USAMDT Can:

- Develop a Drug-Free Workplace and DOT Policy
- Train supervisors and managers to spot potential problems
- Educate employees on-site and provide referrals
- Provide recovery and support service referrals
- Provide initial and ongoing drug and alcohol testing
- Provide employment screening and background checks

USA Mobile Drug Testing Will Help Your Organization Get Mobilized.

USA Mobile Drug Testing® is the single-source solution for human resources and safety professionals, as well as staffing firms and professional employer organizations (PEOs). We make life easier for employers to create, implement and execute strong drug-free work place and safety programs that align with your company's specific needs and requirements.

USA Mobile Drug Testing (USAMDT) is a national company providing the best on-site services to our customers. We succeed by delivering responsive, cost-effective services and accurate, reliable and responsive customer support. The dedication, quality and stability of our experienced, well-trained staff and local owner/operators will provide you with an exceptional experience in your business community.

Our easy to use, state-of-the-art computer platform provides a secure Internet-based infrastructure that puts reporting and compliance at your finger tips. With the automation of workflow, electronic forms and data management, the work is streamlined and the incidences of negligence or accidental violations of procedure are virtually eliminated.

DID YOU KNOW?

DOT drug and alcohol Omnibus Transportation Employee Testing Act regulations require testing of roughly 13 million safety-sensitive transportation employees.

- DOT Drug Screening
- DOT Alcohol Screening
- Consortium Services
- Random Name Generation
- Pre-Employment Testing
- Post-Accident Testing
- Regulatory Compliance

Best Of All, We Come To You.

Before USAMDT, having employees screened for drug and alcohol abuse on a regular basis, used to be a time-wasting, productivity losing exercise. Not any more because we come to you!

With USAMDT, our mobile drug testing professionals come to your workplace to gather all the necessary samples and paperwork. That means no travel time, no downtime and no loss of productivity of your employees!

All test results are handled in a confidential, prompt and professional manner, in accordance with all federal and state regulations.

Background Screening Services

You need to know who you are hiring, before you entrust them with your customers, your equipment, and your company's good name and reputation.

You also need to know that the company doing the background screening of your employees has the ability to provide you with complete and in-depth information that will enable you to make fully informed hiring and retention decisions.

USA Mobile Drug Testing provides the level and depth of employee screening that will meet your needs.

USA Mobile Drug Testing offers combination packages of our most popular screening services that are designed to save you time and money. Any of the checks we offer can be run separately or in any combination you wish.

- Criminal Records
- Background & Reference
- CDL & Motor Vehicle Inquiries

DID YOU KNOW?

On average, marijuana today is far more intoxicating than 30 years ago. THC (delta-9-tetrahydrocannabinol) is believed to be responsible for the psychoactive effects of marijuana. According to the Drug Abuse Quarterly Potency Monitoring Project Report, THC levels in analyzed illicit cannabis samples have grown from 1.37 % in 1978 to 8.49 % in 2008, an increase of more than 500 %.

Call us today to schedule an appointment: 813-653-4559
www.USAMDT.com/WestCentralFlorida

Mobilize A Drug-Free School & Athletics Program

While teen use of illicit drugs is declining, the abuse of prescription drugs for non-medical use is increasing at incredible rates - more than heroin, meth and cocaine combined! This includes the use of K2, bath salts, and steroids.

USAMDT works with schools, students, parents and coaches to identify the warning signs of drug and alcohol abuse and aids in coordinating programs to slow or stop the abuse.

National Compliance Services

November 23, 2012

Thank you for taking the time to discuss your drug testing needs with me yesterday.

The goal of USAMDT is to limit your exposure to liability, non-compliance fines, and the loss of business privileges. We help our clients improve safety and reduce liability by implementing pre-employment and ongoing random drug testing programs. And because we provide "to your door" mobile service, we eliminate your employee downtime and increase productivity.

I look forward to implementing a pre-employment and ongoing drug testing program for your company. Please call or email me anytime to find out how to get started.

Sincerely,

Jane Smith
Compliance Specialist
